Jack likes piano music very much. He began to play the piano at the age of 5 years old. He thinks piano music makes his life more colorful. Mary's favorite music is different from others. She prefers country music a lot. It reminds her of her hometown when she listen to it. Do you like music? What kind of music do you like?

I have been a taxi driver for twenty years. It's a nice job most of the time. I always work at night because there is too much traffic during the day. Some strange things happened one night. One day I was taking a woman home from a party. She had her little dog with her. When we got to her house, she found that she lost her key, so I waited in the car with the dog when she climbed into her room through the window. I waited for about half an hour, but she didn't get out of her room. So I decided to see what happened. I left the dog in the car and started to climb into the room through the window. At that moment, the police came. They thought I was a thief. Luckily, the woman came downstairs. She told the police I was a taxi driver. She also said she was so tired and went to sleep after she climbed into the house, so she forgot me and her dog.
