## C

My name is Belinda Black. I'm 13 years old and I come from Mount Elm Sheep Station in South Australia. I've got two sisters—Jennifer is 11 and Lisa is 7. We're all pupils at the School of the Air.

The School of the Air is actually a school for children who live in the outback, and who are in a place which doesn't have a local school. So we have air lessons over the radio. Our teacher is at Port Augusta, a city which is about 160 kilometres away.

Most people in South Australia live in the big cities, but there are some people who live on farms in the outback. My mother lived in Melbourne before she met my father, so she knows about city life. She says she thinks it's safer here, because there is no traffic, no noise, no pollution, not many people and lots of space.

In the mornings, we go to our schoolroom at 8:45. It's really just a small wooden building. When we get there, we turn on the radio and listen to what we should do. And from then until 12, we just do our normal lessons. In the afternoons, our mum makes us do some homework—well, not homework, but extra work.

We send our exercise books to our teachers on Friday night and they mark them every Monday and Tuesday, and then they send them back again. We get them when the mail arrives every Wednesday. We also talk to our teacher once a week for 10 minutes. She tells us if we're making progress.

We also use the Internet and the telephone to contact our teachers more quickly, but it's still the radio which is the most important way of doing our lessons.

- B. Because she wants to stay with her sisters at home.
- C. Because there's no school in the place where they live.
- D. Because their teacher is at Port Augusta, a city which is about 160 kilometres away.

**【解析】细节理解题。根据文章第二段中的“The School of the Air is actually a school for children who live in the outback, and who are in a place which doesn't have a local school.”可知选 C。**

- ( D ) 38. The good points of being a pupil at their school are the following EXCEPT that \_\_\_\_\_.
- A. there are not many people and they are safer
- B. they can neither see traffic nor listen to noise
- C. they have lots of unpolluted space
- D. they have many classmates

**【解析】细节理解题。根据文章第三段最后一句可知选 D。**

- ( A ) 39. How long does the school day last?
- A. From 8:45 until 12:00.
