During all this time, I never stopped thinking about escape(逃跑). When I travelled across to the other side of the island, I could see the other islands, and I said to myself, "Perhaps I can get there with a boat. Perhaps I can get back to England one day."

So I decided to make myself a boat. I cut down a big tree, and then began to make a long hole in it. It was hard work, but about six months later, I had a very fine canoe (独木舟). Next, I had to get it down to the sea. How silly I was! Why didn't I think carefully before I began to work? Of course, the canoe was too heavy. I couldn't move it! I pulled and pushed and tried everything, but it didn't move. I was very unhappy for a long time after that.

In my sixth year on the island, I did make myself a smaller canoe, but I did not try to escape in it. The boat was too small for a long journey, and I did not want to die at sea. The island was my home now, and I was just happy to be alive. A year or two later, I made myself

a second canoe on the other side of the island. I also built myself a second house there, and so I had two homes.

I kept food and tools at both of my houses, and also wild goats. There were many goats on the island, and I made fields with high fences to keep them in. They learnt to take food from me, and soon I had goats' milk to drink every day. I also worked hard in my corn fields. And so, many years went by.

八、阅读填空 (本大题共 5 小题, 每小题 1 分, 共 5 分)

Four ways to have a good school life

Your schooldays should be some of the best and happiest days of your life. How can you get the most from them, and be sure you do not waste (浪费) this great chance to learn?

Be active(积极的) at school Don't say things are difficult or boring. Take interest in school life and your school subjects. Join lots of activities. Put up your hands quickly in class. Go around the school with a big smile. If you are not working, you are wasting your time at school. Teachers cannot make everything enjoyable.

Keep fit If you don't eat a good breakfast, you will be thinking about food in class. If you go to bed late, you will be sleepy in class. What's more, do enough sports every day in order to keep your body strong.

Face the problem Do not say you will do things tomorrow. If you get behind the class, it is very difficult to get back in front. You cannot finish the race if you rest all the time. Everyone fails some exams, loses some matches and has bad days. Don't make small problems very big and important. Don't forget to ask for help. You are young, and no one thinks you must do everything

quite well!

Spend the weekends Don't waste time lying in bed on Saturday or Sunday morning. Go and play sports, get together with friends in the park to relax, or learn to play the piano. If you don't want to go out, there are also a lot of things to do. You may read a book, practice English or help Mum do the work at home.

Follow our advice, and have a happy school life!
