Dear teachers and students,

I'm Amy.

Do you want to have a better memory? Many people would say "yes". But how?

First, exercise every day. When you exercise your body, you also exercise your brain. Your brain gets more oxygen when you do exercise like a 20-minute walk.

Second, don't eat too much at a time. Have a good diet. This will help your brain become healthier.

Third, be happy. If you're happy, your mind will become livelier and your memory will become sharper.

If you have these habits, your memory will improve. You'll do better in your study and in your life. Thank you for listening.

听力部分到此结束。预祝同学们取得好成绩。
