第四部分 书面表达（计 20 分）

How to Protect Ourselves?

Self-protection is one of the most important skills for teenagers. But how can we protect ourselves?Here are some of my suggestions.

First of all,we should obey the traffic rules.Never run through the red light. Next, it is necessary for us to be friendly to others. Meanwhile,we should be serious about making friends.Just as an old saying goes,if you live with a lame person you'll learn to limp.What's more,there's no need for us to be impetuous. We should keep calm while we're in trouble.Believe that everything will go well.Last but not least,everyone has only one life.There's no doubt that it's our duty to respect the lives people have.Also we must undertake our own social responsibility.

All in all,life is a journey with colourful and meaningful things.If everyone can cherish it ,our future will become better and better.
