X. 阅读理解(10分)

In China, spring is usually very short. It usually comes in March and ends in May. Summer is often very hot. It is from June to August. The hottest month is July. Autumn begins in September, and goes on to November. The weather can be very warm in autumn. Winter is from December to February, and it is very cold. You must wear(穿) lots of warm clothes. The best time to visit China is spring or autumn. In summer it is often too hot, and in winter it is too cold.

The seasons of the year in England and America are nearly (几乎) the same. But the weather in England never gets too hot or too cold. The seasons in Australia are different. Its summer is from December to February, and winter is in June, July and August. So when it is spring in China, it is autumn in Australia.

判断正误。正确的写 T, 错误的写 F。

- () 1. Autumn is from September to November in China.
- () 2. The hottest month in China is June.
- () 3. The best time to visit China is spring or autumn.
- () 4. When China is in spring, Australia is in winter.
- () 5. America's weather is most like China's.

Hello! My name is Betty. Here is a picture of my family. The woman on the left is my mother. She is very good at English and Chinese. She also enjoys singing and dancing. She teaches English in a school. She loves her students very much. And her students love her English class very much.

The man on the right is my father. You see, he is very tall and fat. He has very short hair and small eyes. He is good at playing football. He doesn't like cooking. He is interested in sailing. Because he is a good sailor (海员).

The girl in the middle is me. I am an active girl. I have beautiful long hair and big bright eyes. My hobby is playing the piano. And I am also good at English. I love my parents. They are very kind to me. We have different hobbies and we are a happy family.
