### IV. 阅读理解。(每小题 2 分,共 40 分)

#### A

Each nation(国家) has many good people who help to take care of others. For example, some high school and college students in the United States often spend many hours as volunteers in hospitals, orphanages(孤儿院) or homes for the aged. They read books to the people in these places, or they just visit them and play games with them or listen to their problems.

Other volunteers go and work in the homes of people who are sick or old. They paint, clean up, or repair their houses, do their shopping or mow(修整) their lawns(草坪). For boys who no longer have fathers there is an organization called Big Brothers. College students and other men take these boys to baseball games or on fishing trips and help them to get to know things that boys usually learn from their fathers.

Each city has a number of clubs where boys and girls can go to play games or learn crafts. Some of these clubs show movies or organize short trips to the mountains, beaches, museums or other places of interest. Most of these clubs use a lot of high school and college students as volunteers because they are young enough to remember the problems of younger boys and girls.

Volunteers believe that some of the happiest people in the world are those who help to bring happiness to others.

Welcome to Guide Dogs Training Center, boys and girls! First let me tell you something about guide dogs. In 1918 a doctor and his pet dog walked with a soldier who was blind. The doctor went in the hospital for a short time. When he came out, he saw his pet dog had guided the soldier on the other side of the hospital yard safely. So he taught a dog to guide a person and it worked out well. Germany helped start a program to teach dogs to be guides.

Dorothy, an American woman, went to Germany to find out about the guide dogs. When she came back to the United States, she wrote it for a magazine. Soon more people knew of the guide dogs.

The best dogs for the job are clever and fit. It takes more than two years to train a little dog to be a guide dog. When the dog is 14 months old, it learns many instructions. Then the owner and the dog meet, and they practice four weeks.
