C

In most parts of the world, many students help their schools make less pollution (污染). They join “environment (环境) club”. In an environment club, people work together to make our environment clean.

Here are some things students often do.

No-garbage lunches. How much do you throw away after lunch? Environment clubs ask students to bring their lunches in bags that can be used again. Every week they will choose the classes that make the least garbage and report them to the whole school.

No-cars day. On a no- car day, nobody comes to school in a car- not the students and not the teachers. Cars give pollution to our air, so remember: walk, jump, bike, or run! Use your legs! It has lots of fun!

Turn off the water! Did you know that toilets (抽水马桶) can waste twenty to forty ton of water an hour? In a year, that would fill a small river! In the environment clubs, students mend those broken toilets.

We love our environment. Let's work together to make it clean.

() 11. Environment clubs ask students_____

- A. to run to school every day B. to take exercise every day
