第一节:阅读下面一篇短文,判断下列句子是否符合短文内容,符合的用“A”表示,不符合的用“B”表示。(共5小题,计5分)

A

What is your favorite color? Do you like yellow, orange, or red? If you do, you must be an active person who enjoys life. Do you like blue? Then you’re probably quiet, shy, and would rather follow than lead.

Colors do influence our moods (情绪). A yellow room makes most people feel more cheerful and more relaxed than a dark green one, and a red dress brings warmth and cheer to the saddest winter day. On the other hand, black is depressing (使人压抑的). There was a black bridge over the Thames River, near London. The number of people who killed themselves on that bridge used to be larger than on any other bridge in the area until it was repainted green.

Light and bright colors make people not only happier but also more active. In the factory, the workers will work better, harder, and have fewer accidents when their machines are painted orange rather than black.

- ()46. An active person may like yellow, orange, or red.
- ()47. Colors do have an effect (影响) on our moods.
- ()48. Most people feel more relaxed in a dark green room than in a yellow one.

- ()50. The workers will work harder when the machines are painted orange in the factory.

B

Being safe in your everyday life needs knowledge. If you remember the following information, your life will be much safer.

Always notice the environment around you. You shouldn’t walk alone outside. Make sure where the public phones are. If anything dangerous happens, you can find them easily.

Your bag should be carried towards the front of your body instead of putting on your back. When a bus is full of people, it is easy enough for a thief to take away the things in the bag on your back.

If you are followed by someone you don’t know, cross the street and go to the other way, let the person understand that you know he or she is after you. Next, don’t go home at once. You are safer in the street than you are alone in your home or in a lift. If you have to take a bus to a place far away, try to get to the stop a few minutes earlier before the bus leaves. This stops other people from studying you. On the bus, don’t sit alone. Sit behind the driver or with other people. Don’t sleep.
