A

“Which is the right bin(垃圾箱) for my rubbish?” This may be the most asked question in Shanghai since it started a new rubbish sorting(分类) program on July 1st, 2019. When learning about different kinds of rubbish — wet, dry, recyclable(可回收的) and harmful — many people may be **confused** about how to sort it.

However, you can get help from your mobile phone now. For example, if you want to know which bin your paper should go in, you can just open a mini app(小程序) in WeChat or Alipay and look for “paper”. The app will give you the answer immediately. Soon, you might do it in an easier way. Maybe you can just take a photo of the rubbish and then it can tell you where it should go.

Many tech(科技) companies are making rubbish sorting robots. By “seeing” the pictures, the robot will pick up the rubbish and put it in the right place. The future of the rubbish sorting looks good. But it’s not the best way. The best thing we can do is to make less rubbish at the very beginning.

51. According to the Shanghai rubbish sorting program, there are \_\_\_\_\_ kinds of rubbish.  
A. three                      B. four                      C. five                      D. six

B. many people already know the way to sort the rubbish  
C. WeChat or Alipay can’t tell you how to sort the rubbish  
D. robots can sort the rubbish by taking a look at the pictures
55. What’s the best title of this passage?  
A. Sort Rubbish, Save Earth                      B. The Future of Rubbish Sorting  
C. Tech Helps to Sort Our Rubbish                      D. Different Kinds of Rubbish in Shanghai

B

The world’s largest rainforest, the Amazon rainforest(亚马孙雨林), covers 40% of the area of South America. It makes about one fifth of Earth’s oxygen(氧气). People call it “the lungs(肺) of our earth”.

However, the Amazon rainforest is in danger now. A large fire happened there. It lasted for 22 days and ended on August 27, 2019. In fact, there are a large number of fires in the rainforest this year. Between January and August, there were over 74, 000 fires. Most of the fires came from people’s activities. Farmers in the Amazon rainforest use fire to prepare for planting for many years. But what they do is dangerous because these fires can easily **get out of hand**.

By now, the fire has been put out. But scientists say it will take about 20-40 years to build the forest’s ecosystem(生态系统) again. The fire also burned plenty of trees. Without trees, many animals lost their homes because of the fire, such as monkeys, birds, sloths and so on. The Amazon river is also polluted. Air is not clean any more. The Amazon rainforest is our home. Let’s protect it and repair(修复) the ecosystem together!

56. The Amazon rainforest is in \_\_\_\_\_.  
A. Asia                      B. Africa                      C. America                      D. Europe
57. The large fire happened in Amazon rainforest on \_\_\_\_\_.

Today was Mother's Day and everything went as usual.

In the morning, my mother got up 66 at six and then started to make breakfast for me and do housework. After seven, I got up. As soon as I walked out of my room, I saw the delicious 67 on the table. I stood there quietly and had my eyes on her. I 68 maybe she forgot what the date was. I decided to give her 69 special present.

She left to work. Then I began to prepare 70 the surprise. I knew that our house was always dirty, 71 she had to clean the house every day. Today, I wanted to let 72 see a tidy house.

After cleaning my room, 73 the clothes and sweeping the floor, I felt tired. But it 74 already eleven o'clock. I had to hurry up! Luckily, when my mother came back, I had already finished my surprise.

"What happened?" She asked in surprise.

"Happy Mother's Day, Mom! You are so 75 that you never get any rest. You must be very tired! I want to make you happy and relaxed." I answered in a proud voice.

"Oh dear, you are my best present." my mum said happily.

六、读写综合 (本大题分为 A、B 两部分, 共 25 分)

A. 回答问题 (共 5 小题, 每小题 2 分, 共 10 分)

请阅读下面有关火灾发生时须遵循的规则, 根据所提供的信息, 用完整的句子回答问题, 并把答案写在答题卡指定的位置上。

What should you do if a big fire happens at home? There is no much time to think. People need to act quickly. The following rules will be helpful:

**Shout out**

If you smell smoke or see fire, shout out "fire"! Shout as loudly as you can, because people may be asleep at night.

**Call 119**

Never try to put out a fire yourself, even if it is a very small one! Get help from your parents or call 119.

**Keep down close to the floor**

If there is a lot of smoke in your room, keep down close to the floor. There is less smoke down there. It is easier to breathe and see where you are going. Take a wet towel to cover your mouth and nose with it. And it can protect you from the smoke and fire.

**Check the door**

Check the door before you open it. Touch it with the back of your hand. If the door is cool, open it carefully. If the door is hot, do not open it.

**Get out**

If you can, get out of your home as quickly as you can. Do not stop to pick up anything. A fire can become very big in a few seconds!

**Don't use the lift**

Never use the lift during a fire. Always use the stairs. A lift may stop at a floor where the fire is burning.

It may also go wrong and keep you inside.

**Don't go back**

Never go back into a building on fire! Even if you have left your pet or favorite toy inside, do not go back for it.
