There are more than 3000 languages spoken in the world .Of all these languages, English is the most widely used. Recent surveys show that more than 500 million people speak English as their mother tongue.

From its roots in England, the language was spread around the world by English traders and English governments in new lands. One of these new lands became the United States of America. The population of the United States is 309 million, making it the country with the largest number of native English speakers.

About 300 million people speak English as their second language. There are even more people, like some in Europe as well as in China and Japan, who study English as a foreign language.

English has become the base language for international business, for the world's airlines and even for the Internet. Whatever language people speak, they need to know some English if they work in these fields. It is clear that the English language is becoming more important.

根据短文内容，选择正确答案。并在答题卡的相应位置将其涂黑。

Toothpaste does more than just keep our teeth bright and white. It can be used wisely in many other ways. Here are some useful tips that can save us time and money. If you follow them, you will have a fresh smell of using toothpaste!

#### Clean a Dirty Mirror

If you want to clean a dirty bathroom mirror, try to put a bit of toothpaste on the mirror and wipe it dry. The glass can be cleaned up beautifully. And doing this can also stop the mirror from fogging. Then you can still see yourself in the mirror after taking a shower.

#### Remove the Unpleasant Food Smell

Have some bad food smell, like the smell of onions fish, on your hands? You can remove it by washing your hands with toothpaste. You'll be fresh-smelling in no time.

#### Make Your Sports Shoes Whiter

This time, clean your sports shoes by yourself, not by your mother. Wipe some toothpaste around your shoes and then clean it with a wet cloth., See? Your shoes are white as new!

66. There are four ways can save your time and money by using toothpaste from the table.
67. Wash your hands with toothpaste if there is some smell of fish on your hands.
68. Toothpaste can clean a dirty mirror.
69. Toothpaste can not clean your sports shoes.
