M: No, an hour in the car, and then thirty minutes for mountain climbing, because it sits on the top of the hill.

W: Mountain climbing? It's terrible! Is there another way to the top of the hill?

M: You can take a cable car. It can save 20 minutes.

(M) My name is Jeff Smith. As a student, I'm now thirteen years old and I'm in Grade Seven. I can play the guitar and the piano, but I cannot play the violin. I do well in music and I want to be a great musician in the future. I am also good at drawing pictures and I am in the art club. I go to the club every Sunday afternoon. It is open from 2:30 to 4:30 in the afternoon. There are fifteen boy students and twelve girl students in the club. Miss Green, our art teacher, teaches us to draw pictures. We all like her and we think she is very friendly to us. I have made many new friends in the club and they have taught me a lot of great ways to study better.

I also want to join a swimming club, but my mother doesn't allow me to do so. She says it can get in the way of my study, but I don't think so. I think developing some hobbies can be good for our study.
