On the way we passed the concert hall and we could see lots of fans outside. Mark was really astonished when I drove into the concert hall car park and give him the tickets!

Passage B 根据短文内容从各题的四个选项中选择一个最佳答案, 并将其代表字母涂在答题卡的相应位置。

Dear Mark,

I went to Kings Canyon last weekend with my grandparents. We drove there early on Saturday morning and the car was from my sister. It's a comfortable car with seven seats. We stayed until Sunday evening.

Kings Canyon is really wonderful. It's one of the oldest parks in America. It's not as famous as Yellowstone or Yosemite, but it's just as nice and it's not as crowded. There are a lot of beautiful mountains, lakes, and rivers.

On the morning of the first day, I drove around the park with my grandparents. We saw a forest of redwood (红杉) trees. They're a lot bigger than I thought. We also saw Mount Whitney, one of the tallest mountains in America. In the afternoon, we climbed a mountain and put up our tent. It was fun cooking, eating, and sleeping outdoors. We woke up at seven o'clock the next morning and made breakfast. After breakfast, a group of deer walked by our tent. I took some photos of the deer. At about 10:30 a.m., we began to go down the mountain. We walked slowly and stopped a lot along the way to see the beautiful views (风景). We finally started to head back home at about 6:00 p.m. When we got home, it was already 9:30 p.m. We were tired but happy. It was a great weekend. You should go to Kings Canyon sometime!

Hope to hear from you soon.

Yours,

Claire

Television is good. You'd like to watch it all day and all night. But watching too much TV is a very bad thing, especially for kids. It may negatively affect(消极影响) their study and health.

Scientists have found that kids who watch too much TV may have more trouble learning to read than other kids. They may have worse language skills. Kids learn language skills best by reading, talking and playing with others. If they spend too much time watching TV, they'll have less time for those things. It may make it harder for them to get on well with others when they grow up.

Watching too much TV is also harmful for kid's health. It's bad for the eyes. Kids don't move much while watching TV. What's more, they may eat a lot of food while watching TV. This can make them fat. We call people who watch too much TV "couch potatoes(沙发土豆)".

Fighting on TV is a big problem for kids. An American child will watch a lot of fighting acts on TV every year. Young people are good at following others. Scientists say that those who watch a lot of fighting shows are more likely to fight.

So listen to the scientists. Watch TV for one or two hours a day at most or try to turn off your TV for a week. There are lots of fun things to do.

I wanted to be a painter ever since I was a child. When I learned about the famous Italian

painter Leonardo Da Vinci from my textbook, I became even more determined (下定决心的). I wanted people to like my drawings.

At the age of 4, I started to learn how to paint. When I took a painting class for the first time, I didn't dare to draw anything. I was afraid that my teacher and classmates would laugh at my bad drawing.

Then, my mother told me, "Don't worry. You are the best." I tried to relax and took out my pencil to draw. With the help of my teacher, I first drew a sun and then a beautiful house. Step by step, I made my first work of art. I was very happy! Now, I keep drawing every day. My drawing abilities have improved a lot.

I'm not afraid of other people laughing at me anymore. I believe I will be a good painter.
