The doctor said John had to stay in hospital for four to five weeks. John liked the doctors and the other children in the hospital because they were very friendly. At first he was happy because he didn't have to go to school. He laughed at all of his friends. They had to do a lot of homework. He enjoyed listening to music and watching his favorite television programs all day.

But soon the Christmas vacations started, John was still in hospital. He was tired of watching television and listening to his CDs and he wanted to go home. “This is ▲,” he thought. He felt sad so he started to cry.
