参考范文:

Dear Lily,

I'm sorry to hear that you hurt yourself and got sick. I think it's very important for you to know something about how to keep safe and healthy. First of all, you should follow the doctor's advice and stay in bed to have a good rest. Besides, remember to wash hands often and always keep the air fresh. Lastly, enough warming-up exercise is very necessary before doing some sports. I hope you will get well soon.

I had a wonderful time at my party yesterday. Many friends came and brought beautiful gifts. We not only sang songs but also played games happily. I wish you can join us next year.

Good luck!

Yours sincerely,  
Li Hua
