六、书面表达

Keeping Healthy

We all know it's important to keep healthy. But we can see many students eat junk food, throw litter around and don't take any exercise. It's bad for their health.

If we want to keep healthy, we must have good habits. First, we should get up early and go to bed early. Second, we should wash our hands before meals and drink enough boiled water every day. Third, don't go to school without breakfast. Fourth, if you don't feel well, you'd better see a doctor right away. What's more, keeping a good mood is very important for us.

If we do so, we'll have a happy and healthy life.
