Hayao Miyazaki was born in Tokyo on January 5, 1941. As a boy, he liked to read and draw *cartoons* (卡通). In 1963, Miyazaki joined Toei Animation. This movie was so successful that Miyazaki started his company (公司)---Studio Ghibli one year later.

One of Miyazaki's most popular movies is *My neighbor Totoro*, made in 1988. It is a children's movie, but many parents like it, too. The movie is about two sisters who

become friend with a big animal named Totoro. It is a very heart-warming story, with many great characters (角色) such as Cat Bus, a cat that is also a bus. Miyazaki's 2001 movie, *Spirited Away*, was even more popular than *My Neighbor Totoro*. In fact it made more money than any other movie in Ghibli.

All of Miyazaki's movies have surprising and great people and *creatures* (生物). Many of his stories happen in worlds that are different from ours, but they still show his ideas about real life. *Dolphins* (海豚) are clever. 36 Studies show that dolphins are similar to *humans* (人) in many ways. Let's have a look.

Like humans, every dolphin has its "name". The name is a special *whistle* (口哨). Each dolphin *chooses* (选择) a different whistle for itself, usually by its first birthday. Dolphins are like humans in other ways, too. 37 And they "talk" with each other about a lot of things-such as their age, their feelings and finding food.

38 And they often join others from different groups to play games and have fun, just like humans. Playing together is something only clever animals can do.

Dolphins and humans are similar in another way. 39 In the water of southern Brazil, for example, dolphins use a smart way to get food. When there are fish near a boat, dolphins *signal* (发信号) to the fishermen to put their *nets* (网) in the water. In this way, the fishermen can get a lot of fish. 40 That's because they can eat some of the fish that run away from the net.

根据材料内容，从下面五个选项中选出能填入文中空缺处的最佳选项，使短文意思通顺，内容完整。

A. Dolphins live in *groups* (群).

- B. Why do dolphins help the fishermen?  
 C. They can think and learn things quickly.  
 D. Both of them make plans to get things they want.  
 E. They use sound and their body to “talk” with each other.
