VII. 阅读理解 (共 30 分, 每小题 2 分)

A

In China, more and more middle school students are getting shorter sleeping time than before. Most students sleep less than nine hours every night, because they have much homework to do. The homework is from their teachers and their parents. Also, some students don't know how to save time. They are not careful enough while they do their homework, so it takes them a lot of time. Some students spend too much time watching TV or playing computer games. They stay up very late. Some students have to get up early every morning on weekdays to get to school on time by bus or by bike. It can be a long way from home to school.

Schools and parents should cut down some of the homework so that our children can enjoy more than nine hours of sleep every night for their health. For children, we should make best use of our time. When we have enough time for sleeping, we will find it much better for both our study and health.

C

Many boys and girls love to watch TV. They spend many hours a day in front of the TV set. There are many types of TV programs, such as sitcoms, soap operas, movies, sports shows, fashion shows, etc. A child can learn both bad things and good things from them. Some programs help children to understand the news all over the world, and some show them the people and places of other countries. With the television a child doesn't have to go to the zoo to see the animals or go to the ocean to see the sharks. Boys and girls can see a play, listen to a concert or watch a game at home.

But some programs show crime and other things which are not educational for children. So parents sometimes should help them to find other interesting things to do. They should tell them it is fun to watch some TV programs, but it is fun to read books, to play games or to visit friends, too.
