书面表达

One Possible Version:

My favorite TV program

My favorite TV program is *Animal World*. You can easily tell from its name what the program is about. It shows the living habits and eating habits of different kinds of animals around the world. I watch it once a week, usually on Saturday evening. I like *Animal World* best because I'm interested in animals. Also, I think the animals in the program are very beautiful. I can learn so much about animals from this program and why we need to save endangered animals.
