六、书面表达

Dear Alice,

As a teenager,I met the same problem as you. But now I can get along better with my mother. Here are some ideas for you.

Your mother talks much, because she cares about you. Maybe it's not a good way, but it shows your mother's love. So I think you should listen to her. If your opinions are different from your mother's , you can communicate with her, and tell her what you are thinking about. If your mother doesn't take your advice, just keep silent and give her a smile.

I hope what I say here can help you a lot.

Yours
Li Hua
