书面表达(One possible version):

A happy winter vacation is coming and we will have a great time! Will you go to do some sports? Or visit some of your old friends?

In my opinion, as students, we should take part in some activities that are good for our physical and mental health. What's more, if you want to go out for some outdoor activities, you are supposed to put on your mask. When you come back home, don't forget to wash your hands at once. If possible, we should try to spend more time with our family doing some activities at home. We can also greet our friends, give our best wishes and study from each other by using the Internet.

All in all, we should take care of ourselves and have a good holiday.
