Travelling is one of my favourites because I can have fun and learn many important things from it. My parents take me to travel to different cities in my country in every summer and winter holidays. Every time, I feel excited about the trip. So far, I have been to ten cities, such as Beijing, Shanghai and Guangzhou. I have learned much about those cities' customs and cultures. It is so great! When I grow up, I want to take my parents to travel to foreign countries.
