I exercise, I'm healthy and happy

I think sports is very important in our life. It can keep us healthy and make us happy.

I like doing exercise very much now ,I can jump, swim, ride the horse, skip rope, kick shuttlecock and so on. I think kicking shuttlecock is difficul for me, I can't kick well. Palying table tennis is my favourite. but I only do these sports on weekends because I don't often have more free time and I have a lot of homework to do.

In the future, I'm going to take more exercise. I'll join basketball and chess club in our school. I'm going to learn kicking shuttlecock from my classmate. After school, I'm going to have a skipping rope match with my parents. I will take a long walk after dinner.
