Fights at school sometime happen. But how can you keep away from a fight? Here's something you can do.

Be calm. Sometimes, you feel so angry that you really want to teach somebody a lesson. But being angry can't solve problems. Neither can a fight. Instead, it may bring you more problems. Loud voice can usually make the attacker calm down. If the person doesn't stop, cry for help by calling out the name of a teacher whose office is nearby.

▲ Your friend may ask you to join in a fight. Learn to say no. Helping him fight is not real helpful for him. If you really want to give him a hand, try to ask him to give it up.
