82. (A) Our city is now making its effort to become a civilized city. As students, what should we do?

We must respect our teachers and be polite to others. We should also help those who are in need and be friendly to the people around us. Besides, we must obey the traffic rules. When crossing the streets, we should walk on the zebra crossing. And we mustn't go across the street when the traffic lights are red. What's more, we should protect our environment. For example, we mustn't step on the grass and climb trees. Litter mustn't be thrown everywhere.

Let's try our best to make it a civilized city.

(B) Mary is a middle school student. Yesterday she was praised by the headmaster at the school meeting for turning in the wallet she had picked in the street. The headmaster asked the students to learn from her. Her classmates applauded loudly for her noble deed and Mary felt proud of herself. On their way home, her friend said to her, "You are so lucky, Mary, but can you tell me where you picked up the wallet?" But Mary kept it a secret.

In fact, the wallet belonged to her grandma. She pretended to have picked it up in the street.
