People in different countries have different etiquette. They often behave differently at the dinner table. You can see how different the table manners are from ours.

France

- In a country where food is king, it's good to have good manners.
- Don't cut your salad with a knife or fork.
- Never cut bread. Break your bread with your hands. Usually there are no bread and butter plates, so put your bread on the table above your dinner plate on the left.
- Never eat fruit whole. Always cut it before eating.
- When you have finished eating, put your knife and fork side by side on the plate. The fork should be on the left and the knife should be on the right.
- To show that you would like more food, cross your knife and fork across your plate.

Italy(意大利)

Italians are known for expressing themselves through body language.

- ✓ Greet friends with a kiss on both faces.
- ✓ Keep eye contact (交流) while talking. If not, Italians think you are hiding something.
- ✓ To call a waiter or waitress, raise your finger and make eye contact.
- ✓ Stand when an older person comes into the room.

Where is Love? 71

Once a little boy wanted to meet Love. He knew it was a long trip to where Love lived, so he got his things ready with some pizzas and drinks and started off. When he passed three streets, he saw an old woman sitting in the park and watching some birds. 72 The boy gave her a pizza. She ate it and smiled at him. The smile was so beautiful that he wanted to see it again, so he gave her a coke .Once again she smiled. The boy was very happy.

They sat there all afternoon, eating and smiling, but they said nothing. When it grew dark, the boy decided to leave. But before he had gone more than a few steps, 73 , ran back to the old woman and gave her a hug (拥抱) . The woman gave him her biggest smile ever.

When the boy opened the door of his house, his mother was surprised by the look of joy in his face and asked what had made him so happy. “ 74 She has got the most beautiful smile in the world.”

At the same time, the old woman's son was also surprised at his mother's pleasure and asked why.

“I ate a pizza in the park with Love,” she said,“ and he is much younger than I expected.”

75 , we can enjoy a better life.

What makes the world become smaller? Some inventions. It began in the 11th century, but it has developed greatly in the last century. Let's take a look at the five top inventions.

Movable type (活字印刷) : By using Movable Type, books could be printed cheaply and easily. Bi Sheng invented Movable Type in China in the 11th century.

Telephone: The inventor Alexander Graham Bell made the first telephone call in 1876.“Mr.Watson, come here. I want you.” he said to his assistant (助手) over the phone line. And with those famous words, the world was about to get much smaller.

Airplane: The Wright brothers made the first powered flight in 1903. Air travel has made the faraway places suddenly become a lot closer.

Satellites (卫星) : The Soviet Union (苏联) sent up the world's first satellite in 1957. This began the Space Age. Satellites have helped scientists study the earth. Much of our knowledge of the world has come from the information recorded by satellites.

Internet: When the Internet was created in 1969, only a few people knew about it. But more than 650 million people in the world use it now. The Internet has made information about anything easy to get.

Long ago, Mother Nature gave each tree a different purpose. However, she did not share her reasons with the trees.

Fir Tree（杉树） had many tree friends. In summer, they watched Bird and Squirrel（松鼠） play in the field. Then autumn arrived. The leaves on other trees turned colorful. Fir Tree’s leaves stayed green. Fir Tree told Mother Nature that he wanted his leaves to change colors, too.

“Be patient!” Mother Nature said, “ You will learn your purpose.”

So Fir Tree waited. The temperature dropped. Bird flew south, and Squirrel was nowhere around. All the trees lost their leaves except Fir Tree. Soon it snowed. Fir Tree cried, “ Why don’t I change like my friends?”

“Be patient!” Mother Nature replied, “ Soon you will get to know your purpose.”

Just then, Squirrel appeared. She was cold. She asked if she could build a warm home in branches（树枝）. Other trees said no because they had no leaves. But Fir Tree said yes. Squirrel ran up Fir Tree’s branches. Soon, she was warm, comfortable and asleep.

Fir tree was happy that his green leaves provided a warm home for animals in winter. He finally understood his purpose.
