My favorite time with my family

A man's home is his castle. My favorite time with my family is Saturday noon.

Every Saturday noon, Dad will cook something special we don't usually have, like hot pot and stewed noodles. We just sit around the table and share interesting things we did or saw in the past week during the meal.

As we don't have much time to talk to each other on weekdays, this moment seems even more precious. Satisfied smiles on everyone's face fill me with love and happiness.
