We have four seasons in a year. But there are only two seasons in India, Vietnam (越南) and some countries in Africa. The two seasons are *the dry season and the rainy season*. In these places, it's never too cold and it doesn't snow. When it is the dry season, there is no rain. It's very, very hot. Grass and leaves of trees turn yellow. Animals and people are very thirsty. It is a very difficult time for them! When the rainy season comes, the rain doesn't stop and it rains day and night. Water is everywhere! Some animals like it, but some don't.

There is a place where there are no seasons at all. It is the Antarctic.

It is very cold all the year. There are no countries or cities there. But there are some people in Antarctic. Who lives there? People from some countries go there to learn about the coldest place, its animals and birds etc. But there are no trees, no flowers and no fruit. So people can't live there long.

56. How many seasons are there in India?

- A. One.                      B. Two.                      C. Three.                      D. Four.

57. The weather is \_\_\_\_\_ in the dry season.
