Then, the important thing is that you should try to be outgoing. If you are outgoing, you would become very popular. Remember, nobody wants to make friends with a shy person.

A man was fishing. He was really good at fishing and he caught a full basket of fish in a short time. A boy came to see him fishing. The man saw that the boy was very cute, and he wanted to give him a whole basket of fish, but the boy shook(摇) his head. The man was surprised and asked, "Why don't you want the fish?"

The boy replied, "I want the fishing rod(竿) in your hands."

The man asked, "Why do you want the rod?"

"I will eat up all the fish in the basket soon, but if I have the fishing rod, I can use it to catch a lot of fish by myself."

Some people exercising by the river saw this and said that the boy was very smart. Many people certainly say the boy is smart, too. But it's wrong! If he doesn't know fishing skills(技能), he cannot catch fish with a fishing rod. It's useless to only have a fishing rod. Fishing skills are more important than having a fishing rod.
