"I don't like my school, and I want to go home!" Do you have that idea? Many students think the same. Now let's talk about it.

If you don't like your school, the first thing is to know why. You may not like your teachers. You may not have many friends at school. You may have questions with your subjects or homework. But what can you do with it? You can make some new friends. Going to school can be very interesting if you have many friends. You can *make friends* (交朋友) after school or when doing sports. Then you can talk with them and do the same thing with them. You can make school easy, too. If you don't like your teachers, you can talk with them. If you think your subjects are boring and difficult, you can ask your friends for help.

Love your school and you can learn to make your school life easy and interesting.

51. Students may not like school because of the following EXCEPT (除了) \_\_\_\_\_ according to the passage.  
 A. classrooms      B. teachers      C. subjects      D. homework
