60. Where can you probably (可能) read this passage?

- A. In a magazine                      B. In a storybook.                      C. In a history book.

C

When you travel in the forest (森林), you should stay with your friends. If you walk around only by yourself, you might get lost (迷路).

When you lose the way, the most important thing to do is to stay in one place. Don't try to find your friends. Let them find you. You can shout or whistle (吹口哨) three times. Then shout or whistle three times. Then shout or whistle three times again. Any signal (信号) given three times shows someone may lose and need your help.

When people hear you, they will give you two shouts or two whistles. When a signal is given twice, it shows someone gets your calling and he is coming to help you.

When you need some water, you have to leave the place to look for it. Don't just walk away. You can pick off small branches (树枝) and drop them as you walk. It will help you go back again easily.

61. When you get lost in the forest, the most important thing is\_\_\_\_\_.

- A. to stay in one place    B. to find your friends    C. to look for water    D. to shout and cry

62. The signal of a call for help is\_\_\_\_\_.

- A. shouting or whistling three times together                      B. shouting or whistling twice together
