When people say 'culture', we think of art and history. But one very famous symbol in American culture is a cartoon. We all know and love the black mouse with two large round ears —Mickey Mouse. Over 80 years ago, he first appeared in the cartoon *Steamboat Willie*. When this cartoon came out in New York on November 18, 1928, it was the first cartoon with sound and music. The man behind Mickey was Walt Disney. He became very rich and successful. In the 1930s, he made 87 cartoons with Mickey.

Some people might ask how this cartoon animal became so popular. One of the main reasons is that Mickey was like a common man, but he always tried to face any danger. In his early films, Mickey was unlucky and had many problems such as losing his house or girlfriend, Minnie. However, he was always ready to try his best. People went to the cinema to see the 'little man' win. Most of them wanted to be like Mickey.

On November 18, 1979, Mickey became the first cartoon character to have a star on the Hollywood Walk of Fame. Today's cartoons are usually not so simple as little Mickey Mouse, but everyone still knows and loves him. Who has a pair of ears more famous than Mickey's?

One day, a teacher was giving a speech to his students. He held up a glass of water and asked the class, "How heavy do you think this glass of water is?"

The students' answers ranged from 20 g to 500 g. "It does not matter on the weight itself. It depends on how long you hold it. If I hold it for a minute, it is OK. If I hold it for an hour, I will

have an ache in my right arm. If I hold it for a day, you will have to call an ambulance (救护车). It is exactly the same weight, but the longer I hold it, the heavier it becomes."

If we carry our burdens (负担) all the time, sooner or later, we will not be able to carry on, the burden becoming increasingly heavier."

"What you have to do is to put the glass down, rest for a while before holding it up again."

We have to put down the burden sometimes, so that we can be refreshed (使恢复) and are able to carry on.

Everyone has worries. But what can you do when you have worries? Whether your worries are big or small, you can take these three steps to deal with your worries:

1. Try to find out what you're worried about

Sometimes, you can know what you're worrying about. Other times, you might not. Try to find it out first. If you can't, you can ask others for help.

2. Think of ways to make it better

There is always something you can do to help you feel less worried. Sitting there worrying can't solve your problem.

Grades at school are often top worries for kids. If you're worried about grades, ask yourself these questions:

- Why are grades important? What do grades mean to me?
- How do I get ready for class? Do I go over my notes (复习课堂笔记) even when there isn't a test?
- Do I have a good place to do my homework?
- Have I tried different ways of studying?

If your worry is about a fight you had with a friend, you might write down all the things you can do: write a note to him or her, invite him or her to a basketball game, say sorry to him or her and so on. If you know the things you can do, you can do one of them to get your friend back.

3. Ask for help

When you're worried, it can help to find someone to talk to. You can ask your parents, friends, or teachers for help.
