How are you? Thanks for telling me something about your school life. I'm glad to tell you something about my family.

There are four people in my family — my father, my mother, my little brother and I. I like listening to music very much. My little brother is only six years old. He likes playing computer games. We don't like sports at all. So we are kind of fat. My parents often tell us to do more exercise.

My father likes playing basketball very much. He also likes reading newspapers. My mother
