When I have something difficult to do, I used to ask my mom, "Could you help me?" But she always says, "Do it yourself, dear. "Then I get so sad. I used to think she is a lazy mother. For example, one day, I invited some friends to my home. My bedroom was untidy. Books were all over the table and the ground. So I asked my mother to help me clean it. But she said seriously, " Do it yourself, girl. " So I did it myself. Because of my "lazy" mother, I wash my clothes and clean my room myself. I can also help my parents do some housework. From now on, I understand my mother. It's her laziness that makes me clever and hard-working. Just my mother says, "A lady can't be lazy, or she'll be lazy. Work can make you sunny. " I have a great mother. A good mother is a good teacher.

Great changes in communication

Now the development of science and technology is becoming faster and faster, so the way people communicate with each other is becoming more and more convenient.

In the past, people used to keep in touch with each other mainly by writing letters or using the public telephone. But now people can communicate with each other anywhere at anytime on their mobile phones. Besides they can send and receive messages on QQ or WeChat. It used to take several days or even weeks to hear from each other, but now it takes only several seconds, even if they're in different countries.

With these changes, people's life has improved a lot. They not only know more about the outside world, but they also have a more comfortable life.
