After an 18-month-long journey, a group of wild Asian elephants are getting close to their home. Before that, they have been **roaming** around southwest China's Yunnan province.

At about 8 p.m. Sunday, August 8th, 2021, those elephants crossed the Yuanjiang River. They used the road bridge, because the water level is too high during the rainy season. It took them three minutes to cross the river. To guide them, people did a lot of work. And now they're much closer to their home.

The elephants left the Xishuangbanna Dai Autonomous Prefecture, a nature reserve, near the city of Pu'er in March of 2020. They walked more than 500 km north and even reached the outside of Kunming, the capital city of Yunnan province in early June, before turning back to the south. Along the way, two of the elephants returned home and some of the younger elephants have grown up a lot during their journey.

These elephants became a hot topic online after they left their home. They are one of China's highly protected animals. To keep them safe, the local government has done a lot of work. Luckily, no animals or humans have been hurt in the journey.

根据短文内容,从A、B、C三个选项中,选择最佳的答案,并在答题卡上将其字母标号涂黑。

- () 56. The underlined word “roaming” means _____.
A. 游荡 B. 遨游 C. 扫过
- () 57. How did those elephants cross the river?

Secret codes (密码) keep messages private. Banks and companies always use secret codes in doing business.

People have used secret codes for thousands of years. _____ 66 _____ Code breaking never falls behind code making. The science of creating and reading coded messages is called cryptography(密码学).

There are three main types of cryptography. _____ 67 _____ For example, the first letters of “My elephant eats too many eels” spell out the hidden message “Meet me”.

_____ 68 _____ You might represent each letter with a number, for example. Let’s number the letters of the alphabet, in order, from 1 to 26. The message “Meet me” would read “13 5 5 20 13 5”.

A code uses symbols to replace words or sentences. To read the message of a real code, you must have a code book. _____ 69 _____ For example, “bridge” might stand for “meet” and “out” might stand for “me”. The message “Bridge out” would actually mean “Meet me”. _____ 70 _____ However, it is also hard to keep a code book secret for long. So codes must be changed often.

根据短文内容, 从下列七个选项中选出能填入空白处的最佳选项, 并在答题卡上将其字母标号涂黑。

- A. It is very hard to break a code without the code book.
B. In any language, some letters are used more than others.
C. Only people who know the keyword can read the message.
D. As long as there have been codes, people have tried to break them.
E. You can hide a message by having the first letters of each word spell it out.
F. With a code book, you might write down words that would stand for other words.
G. Another way to hide a message is to use symbols to stand for specific letters of the alphabet (字母表).

66. _____ 67. _____ 68. _____ 69. _____ 70. _____
