It was the end of August. It was also the end of my soccer life and even the use of my arm. It was a match against Saugus High School. Before half-time (中场休息), the score was 4:0. Suddenly I had a feeling that something was about to go very wrong. A voice was telling me not to play at that time, but I had to win!

I threw the ball to one of my teammates, but the star player from Saugus got

the ball and I began to run at full speed. I got the ball, but also hit the player with it on purpose.

A large player from Saugus saw what I did to his teammate and got angry. Instead of tackling(抢球), he went just for my legs, and got my arm. My wrist(手腕) got stuck and I felt it broken like a weak stick. I was told by the doctor of Boston Children's Hospital that "It is the worst break I have ever seen". He continued to say that I should not play soccer for at least a year.

At first I was lost, angry and in pain. But then I learned that I am more than just an athlete(运动员). When I paid attention to schoolwork instead of soccer, I actually did very well. I also had more time to spend with my family and non-soccer friends. Now I am at peace with the accident. My future is bright and I am trying to succeed in everything.

How green are you? Do you know how to be green?

We all need a healthy environment, but we produce waste every day and it does harm to our environment. Though we are young, we can still do something to help. In fact, even the simplest everyday activities can make a real difference to the environment. Here are some ideas for you.

Reduce

Reduce means "use less". Don't waste things. This saves money and reduces pollution and waste going into the environment. Before we buy something new, think whether it is really necessary or maybe the old one will be just as good! When we buy things, choose local products as possible as you can, and try not to buy too many things from abroad.

Reuse

Reuse means "use again". Use things for as long as possible. When we buy things, make sure that they last a long time. We should look after them so that they will last, and we should repair them if we can instead of throwing them away and buying new ones. Don't use a paper cup or a paper bag. It's better to use a china(瓷器) cup and a lunch box because you can use them again.

Recycle

Recycle means "change things into something else." Though it takes

energy to change something into something else, it's better than throwing things away or burning them. Find out what can be recycled in your neighborhood and take part in recycling programs. We should also buy products made from recycled materials, such as recycled paper, to help save trees.

So please remember these three words: reduce, reuse and recycle.

根据材料内容选择最佳答案。

- () 31. What is the passage about?
A. How to produce things. B. How to burn things.
C. How to help others. D. How to be green.
- () 32. Which of the following is TRUE?
A. Don't waste things. B. Always throw away old things.
C. Always buy new things. D. Buy too many things from abroad.
- () 33. Why is it better to use a china cup and a lunch box?
A. You can burn them.
B. You can use them again.
C. You can throw them away.
D. You can change them into something else.
- () 34. To protect the environment, we should remember these three words:
_____.
A. waste, reuse and recycle B. repair, burn and recycle
C. reduce, reuse and recycle D. reduce, waste and recycle
- () 35. Where does the passage may come from?
A. A menu. B. A dictionary.
C. A storybook. D. A magazine.

Different countries have different ideas about how to be polite. But how do you show good table manners in Britain? Please read the following advice.

• 36

You should sit straight in your chair. When you eat, don't pick up the bowl and bring it to you. This is called very bad manners.

• 37

It is never a good idea to make a noise at the table.

• 38

Usually we don't pick up with our fingers when we are eating main dishes, but there are some foods such as pizza, sandwiches, chips (or fries) and fruit, we can eat them with fingers.

• 39

It is not thought polite to talk with you mouth full of food, nor to eat with your mouth open. Please remember not to make a noise.

• 40

It is polite to eat the food that you have been offered, so a clear plate is a good plate. It shows that you enjoyed the food. If you can't finish everything and you need to leave a little, that's OK. You could say something like "That was very nice. Thank you."
