How do you feel about your looks? Is 66 important to have a beautiful face? Are there other things that can make a person special? The way you look is special.

Sometimes, we might feel bad about looking different. We might feel like we look ugly or strange. 67 it is our differences that make us special.

I recently watched a speech by a man named Robert Hoge. He was born with a strange looking

face. His mother always worried 68 the difficulties he would face in life. But what Hoge did changed his mother's mind little by little. He sometimes was made fun 69 by strangers. But he didn't care about it at all. He decided 70 accept his face and feel confident.

It's hard when you feel you don't look "normal" or "perfect". But the truth is, no one is perfect. The important thing to remember is that you are special, no matter what you look like.
