Cycling is a beautiful sport. We hear it all the time. We enjoy it when we ride and race. But what is it that makes me love cycling so much? As a surfer, I would surf alone. Now and then I would see another surfer walking along the beach towards me and I would hope they would choose another place. Cycling is different. We can often go on group rides with friends.

Cycling **contributes to** the environment (环境). Bicycles don't make any pollution (污染). If more and more people use bikes, there won't be so much pollution.

Older people can cycle too. Grandpa Carl rides a tricycle. It has three wheels (轮子). He says it is safe. He can't ride on a two-wheeled bicycle any more. He rides his tricycle to the

shops and takes some bags with him. His tricycle has two baskets. He has one back basket to carry his shopping. Sometimes he cycles with his little dog in the front basket. Grandpa loves cycling. It is a bit slow, but he says it keeps him healthy.

People should use bikes whenever they can for their own health and the health of the earth.

A. Why the writer likes cycling.
B. Why cycling is good for health.

In China, fast food is becoming more and more popular these days. You may often find many young people eating in McDonald's or KFC.

Why do Chinese people like fast food so much? First, it is quick. In McDonald's and KFC, you can eat the food quickly after ordering it. So it only takes a little time to get your food. Second, it is easy to carry. You can eat there or take it to your home. Third, people like the relaxing ways of eating there. You can eat your food, listen to music or play with phones. You can have food and relax yourself at the same time.

Fast food tastes good, but it isn't good for health. Fast food like hamburgers or ice cream has too much fat or sugar. If you want to keep healthy, do not go to fast food restaurants very often. For me, I only eat fast food if I am too busy. On weekends, I would like to cook Chinese food at home. Chinese food is much healthier than fast food. And the food tastes more delicious. So, eat Chinese food, and you will enjoy it.
