Dear Tom,

I'm very glad to tell you something about Spring Festival.
It's a traditional festival in China. It comes in winter.

It's time to get new. We usually clean and decorate our house
carefully before it comes. I always help my mother clean the
windows and wash the clothes. We put on chunlian on the door
and chuanghai on the window.

It's time to get together. Everyone go home to get together
with their family, though someone is far away from home.
They must have dinner together on that day. They must visit
their relatives and friends and say Happy new year to them.
When the kids greet their grandparents, they can get money.

Yours
