第三节

听下面一篇短文。按照你所听内容的先后顺序将下列图片排序。短文读两遍。

How can we play a part in making our society a better place? Some people give away money to help others. The money can be used to build schools, help the poor and so on. Some people spend time doing volunteer work like taking care of homeless animals. What can you do if you don't have much money or time? Do you make good use of all your things at home? If not, you can give your old things away. Others can use them. You can also give out food or clothing to people in need. If you are strong and healthy enough, you can even give blood. Sometimes you might feel sad when you can't help everyone. But never give up. Always do your best.

One Possible Version:

Changes in my hometown

Great changes have taken place in my hometown. In the past, people here lived a poor life. The houses were old and small. The transportation was not convenient. The communication was slow and difficult. Now everything is different. The environment has become much better. The rivers are clearer and the sky is bluer. There are trees, flowers and grass everywhere. The Internet connects us to the world. It's easy and quick for us to communicate with others on the Internet. The transportation is more convenient than before. They go to the places of interest at home and abroad every year.

How quickly my hometown is developing! I feel proud of my hometown. I hope my hometown will become better and better.
