Hello, I am Judie. Do you think that friends need to have the same personality? Anyway, I don't think so. I have several good friends at our school. They have different personalities from each other. Here is some information about them.

Name	Animal signs	Personalities	Details
Frank	Snake	wise, helpful	<u>He is wise that knows when he is well enough.</u> So he is always happy every day. He never knows what trouble is. He looks like a happy bird. He often helps our classmates with studies. He helps the old people at Old People's Home in his spare time. "I'm going to help more people when I grow up," he always says.
Sonia	Tiger	shy, organized	It is said that people born in the Year of Tiger are brave. However, Sonia is a little shy. She is afraid of speaking in front of people. She always plans her work well. She wants to learn to use computers to get herself more organized.

Ann	Rabbit	careful	She does everything carefully. Her school things are always in a fixed place. She can find them easily. Our teachers often ask her to help them because of this. I think an accountant is a good job for her.
Sam	Dragon	hard-working	He works all day and all night. He says that never put off till tomorrow what we can do today. He is so hard-working that he does well in his studies.
