题目①

Dear Chris,

I'm glad to know that you're interested in the Green Action in my city. Everyone is encouraged to

live a green life and take part in the Green Action here. We prefer riding our bicycles to keep our city's air clean. To deal with all the garbage from our daily lives, we are using a garbage-sorting system properly. When we do shopping, we often take cloth or paper bags instead of plastic ones. We're trying many ways to keep our city's environment clean. As a student, I play important roles in my school and community. I often make posters with my friends to tell our neighbors the great meaning of the Green Action. In my free time, I always help recycle the things such as used paper, empty bottles and so on. In order to save electricity, I usually turn off all the lights before I leave my room.

Please feel free to ask for more information.

*Yours,
Li Hua*

题目②

It's important to improve our skills of speaking English. In class, I often practice spoken English actively with my partner. I like taking conversations and playing roles in pair or group. I have joined our school's Drama Festivals and performed many wonderful plays on the stage with my classmates. In my free time, I often watch English movies and follow the native speakers to practice my spoken English. At weekends, I often join the English Corner in the parks or public places. There I can communicate with a foreigner and talk about different topics. Sometimes I make a speech in front of a large number of people. I think they are good ways to help me improve my spoken English. Now I can express myself in English fluently. My skills of speaking English have improved a lot.
