I do a lot of things in my free time. I usually take exercise after school. I like playing soccer with my friends. I think doing sports is good for our health. On weekends, I often help my parents do some housework. After dinner, I like to watch the news on TV or on computer because I want to know what's happening around the world. Sometimes we take a trip to the countryside. It is enjoyable to get close to nature. And before I go to bed, I often read some books, sometimes, I enjoy listening to music while reading. It's a good way to relax.

All in all, I enjoy my free time very much.

Last Sunday, my parents were not at home. So I had to look after my 5-year-old sister Nana by myself at home. In the morning, my sister asked me to tell her some stories. I found some of them were really educational and worth reading even for adults. During lunch, I couldn't cook rice well, so I only cooked noodles. And then we had a nap. When we woke up in the afternoon, it was 3 p. m. She felt energetic and wanted to go to the park nearby. Since the weather was pretty cold, I persuaded her to stay at home. We watched some of her favorite cartoons and played games. We both had a good time. Although I felt a bit tired in the evening, I learnt how hard our parents worked to raise two kids at the same time

Hello, boys and girls. Here is some information about our trip to the Sand Lake. We will go there by bus. It is a long trip, about a few hours' ride. So we have to start earlier. The bus will wait for you at the gate of the school library at 8 o'clock tomorrow morning. We will take some bread, milk and fruit for lunch with us. And we will eat them together somewhere in the park. After lunch, we will play games and ride camels on the sand. Then you can take some photos. We will leave at 5 o'clock in the afternoon. If you are lost, please call me. My phone number is 8496696. Any questions? Okay, see you tomorrow then.
