Dear Mike,

Since you want to read Chinese classic works, I'd like to recommend Journey to the West to you. The book Journey to the West was written by Wu Cheng'en during the Ming dynasty. It tells a story about the Tang monk Xuanzang and his three disciples. The book is humorous and well received. In the book, the four main characters show teamwork as they overcame numerous difficulties. Finally, they attained the true Buddhist scriptures. This story tells us to chase our dreams and never give up.

You are bound to enjoy yourself while reading the novel and you can share with me your opinions whenever you like.

Yours,

Li Hui

Good morning, guys. Welcome to No. 10 Middle School. My name is Ye Lin. My topic today is our school Friendship Day. It's on the second Monday of September. On that day, we meet old friends and make new friends. We prepare flowers and cards for each other or exchange small gifts. Food is often an important part of the day. Many of us bring our favorite food to the school or cook special food in the dining hall. And some even make a special friendship cake. We dress up in our best clothes and eat the delicious foods together in the school. After that, we have a party and enjoy ourselves. So why not show your friends how important they are and organize your own friendship day?
