75. All the teachers and students in our school / All the students in Crade Nine / ...

#### 六、书面表达

One possible version:

#### **How can we become good language learners?**

Language learning has become more and more important in our daily life. It can not only improve our learning abilities but also make us communicate better with other people. So what makes a good language learner?

First, don't be afraid of making mistakes. Good language learners notice their mistakes and learn from them. Then, do group activities. People use language to communicate with other people. Also, be sure to use a dictionary. Good language learners often use dictionaries to check the meaning of words they don't know. What's more, good language learners have fun with the language. Watch a film, listen to songs, play video games or read a book. At last, think in the language you're learning outside the classroom.

Don't forget that it's never too late to become a good language learner.
