But the best thing in autumn is my birthday. It is in October. I will be fifteen years old.

Goodbye.

Here are some things students often do.

No-rubbish lunches. How much do you throw away after lunch? Environment clubs ask students to bring their lunches in bags that can be used again. Every week they will choose the classes that make the least rubbish and report them to the whole school!

No-car day. On a no-car day, nobody comes to school in a car, not the students and not the teachers! Cars give pollution to our air, so you can walk, bike or run. Use your legs! It has lots of fun.
