ChatGPT is a kind of a new robot that was trained by OpenAI company in San Francisco. It is able to understand the human languages and communicate with human beings as well. By having dialogues with people, it is possible for ChatGPT to answer questions, realize its mistakes, challenge incorrect settings, and refuse inappropriate requests.

GPT is short for Generative Pre-trained Transformer (生成型预训练变换模型). Its producer Elon Musk says, "ChatGPT is scary good. We are not far from dangerously strong AI." It has reached 100 million users in just two months after coming out, according to the experts.

ChatGPT is a good talker and listener. It can become serious or humorous in different situations. For example, one says, "Tell me a lie." ChatGPT answers, "The sky is made of green cheese." Then he says, "That's a bad lie. Tell me more lies." Then ChatGPT says, "I am a human being."

Besides communicating, this AI chatbot can also write e-mails and papers. It is unbelievable that it is good at creating poems and stories. GPT technology can even help people write code (密码) quickly and correctly. Maybe one day, it can work as a level three engineer.

However, some experts tell that ChatGPT may not be able to answer questions that are outside of its training data (数据). ChatGPT doesn't change our lives completely, but it

proves that the artificial intelligence (人工智能) has developed into a new stage. Do you think ChatGPT will take place of human beings?

- ( ) 41. How many users has ChatGPT reached in just two months after appearing?  
A. 100 million. B. 1000 million. C. 100 billion.
- ( ) 42. What does the underlined sentence mean in paragraph 2?  
A. Chat GPT is too scary and dangerous to make use of.  
B. Chat GPT is so scary that we should keep away from it.  
C. Chat GPT is strong but scary because it brings us a challenge.
- ( ) 43. The example in paragraph 3 tells us that the AI Chatbot is \_\_\_\_\_.  
A. serious B. funny C. honest
- ( ) 44. Which of the following is **NOT TRUE** according to the passage?  
A. ChatGPT can write e-mails, poems, papers and codes.  
B. ChatGPT is a smart robot that can accept every request.  
C. ChatGPT can answer questions that are inside it's training data.
- ( ) 45. In the writer's opinion, who may take the place of human beings in the future?  
A. He doesn't tell us.  
B. Artificial intelligence.  
C. Human beings themselves

Do you know about Huaguxi? It originated in Hunan Province. Some other provinces, like Hubei, Anhui, Henan, Shanxi, also have Huaguxi.

People could watch Huaguxi as early as the Qing Dynasty. At that time, most of the Huaguxi players were farmers. They wore colorful clothes and painted their faces. They always sang songs and danced along the streets to celebrate some special festivals.

During the early 19<sup>th</sup> century, there were only two roles in Huaguxi: chou and dan. Chou is a male clown and dan is a young girl. Both roles were played by men. In the 1860s, Huaguxi added a new role: sheng (a handsome young man). In the early 20<sup>th</sup> century, women began to play in Huaguxi.

The early Huaguxi lasted only 45 minutes to an hour. Most plays were about the life of the farmers. In the late 19<sup>th</sup> and 20<sup>th</sup> centuries, some Huaguxi performance groups moved to Changsha. There Huaguxi developed quickly. Now, Huaguxi has more roles and can last two to three hours. People can enjoy different kinds of stories.

46. When did people start to watch Huaguxi?

47. How did most of the Huaguxi players dress up at that time?

48. Was the role dan first played by a young girl?

49. What were most plays about as for the early Huaguxi?

50. Where did Huaguxi develop quickly?
