*Art plays an important role in life.* For example, music has the power to comfort us when we are stressed or upset. Moreover, people of different cultures and ages can understand each other through music.

I have been crazy about country music since my English teacher introduced it in class. The sounds of guitars are pleasant. The masters of country music, like John Denver, can make me feel the simple life of countryside.

I began to play the guitar at a very young age. Once I took part in our school's talent show. I sang my favourite song while playing the guitar. Though I didn't win the prize, I felt like a real superstar on the stage.

*Every child is an artist. I hope we can enjoy ourselves in the world of art.*
