听第一篇短文，回答 13-15 题。请根据短文内容，选择正确答案，完成信息记录表。

Hi, I'm Tony!

Thank goodness! It's Friday today. Let me tell you about my family's plans for the coming weekend.

Since the weather report says it will be fine in two days, my parents are going to go hiking in the countryside. They believe doing exercise is good for health. But I just want to stay at home to have a good rest. After five days' hard work, I am too tired to go outside. My sister Jane loves shopping. Yesterday, she fell off her bike on her way to school. Luckily, she didn't hurt herself. But her glasses were broken. I guess she will ask our cousin Kate to go with her to buy a new pair tomorrow.

Now, do you have any ideas about your plan? Remember: Be happy and enjoy yourself!

听第二篇短文，回答第 16-20 小题。

Mr Brown works in a company. It is a little far from his home. Every day he walks to work in the morning and back home in the evening.

One day he came home late. He was not very happy. His wife saw his unhappy face, so she asked him, "Why are you looking so sad, dear? Are you not feeling well?"

"No, no. I am quite well. I'm just very angry. The bus ticket was 5 *yuan* last week. But today it is 4 *yuan*."

His wife said, "That's good news. The bus ticket is cheaper now. You can save more money every day."

But Mr Brown said, "No, you are a fool. I walk to work and back home every day. Last week I saved 10 *yuan* every day. But now I saved only 8 *yuan*. I have two *yuan* less."
