Hello, boys and girls! We will have an activity to test the new words you have learned. You need to find a partner and work in pairs. First of all, you are supposed to do a dialogue exercise by using the new words. Then I will choose two groups to repeat your dialogues in front of the whole class. And I will correct your pronunciation at the same time. It's 9:30 a.m. You can start to practice in your own group now. Fifteen minutes later, I will invite some students to show the preparations in front of all the students. You should work with your partner and take this task seriously. Start now!

W: Yes, I'm ready, Mario. Actually, we've got to take the bus in front of the shopping center.

M: OK.

W: Remember we have to be all in white, including our T-shirts and shorts.

M: Thanks!

W: Is the new P.E. teacher coming?

M: Yeah. He's not as funny as other teachers, but his instructions are always clear.

W: Yeah, that's right. You know, it's my first time traveling for a game.

M: Well, the bus gets very warm so take some water.

W: OK.

第三节 听下面一篇短文。按照你所听内容的先后顺序将下列图片排序。短文读两遍。

Study trip is very meaningful for students' development. We can open up our minds and relax ourselves through the trip.

Our school organized a study trip to the natural park last Saturday. After breakfast, we met at the school gate and set out together by school bus. At about 10:30 am, we arrived there. Then, we started to climb the mountain.

Along the way, we saw different types of plants and took photos to record. At 11:40 am, we got to the top of the mountain. We had a special lunch. We shared the food and fruit we brought. After lunch, we painted pictures of plants and compared different trees. At six o'clock in the afternoon, our teachers guided us to put up tents. It was a little hard because it asked us to work together and focus on it completely. The next morning, we saw the sun rising above the mountain and then went back home.

In a word, it was a good chance to get close to nature and breathe the fresh air. I hope that there will be more chances like this.
